Dear Sir/Madam

Re: Application for a job vacancy of Software Developer.

I am writing to express my interest for the above position in your organisation.

I completed my honours in BSC Information Systems from Midlands State University and have managed to obtain a 2.1 class. I am a single guy aged 24 and have acquired 2 years' experience in the software development industry, Software development with Java(Desktop, Mobile and Web based systems), PHP(Laravel), Flutter(Mobile SDK), Python(Django), Database (connection and administration), Javascript frameworks(Vue.js) and Systems Support to mention a few in various industries. I worked at ZB Financial Bank where I was an intern and became well versed with system development, systems setup and operations. I am very conversant with the Microsoft packages as well Linux packages. I wish to bring my knowledge, skills and commitment to excellence to your company's innovative environment.

I am confident that i would best suit in the organization as I have worked in different sectors and with people on a daily basis for the past 2 years, my experience will be of relevance.

Thank you for taking the time to consider this application and I do hope for your favourable response.

Yours Faithfully

Webster Moswa.
